

Whiteside County Health Department

Policy: Animal Control Whiteside County Pet Population

Approved By: Beth Fiorini, Public Health Administrator/Executive Director

Current Revision Prepared By: Savannah Davis, Assistant to the Executive Director

Effective Date: 9/13/2017

Revision Date:

Purpose:

To control the pet population of Whiteside County by implementing and enforcing the **510 ILCS 92/ Illinois Public Health Safety Animal Population Control Act**. Whiteside County Animal Control will implement a county-wide program using fees following the guidelines of the state program.

Procedure:

- Accept application from count residents with proof of Food Stamp Program or Social Security Disability Insurance.
- Sign a consent stating they are the owner of the dog/cat.
- Must have proof of ID and residency.
- Pay the co-payment of \$15 to the veterinarian performing the services.
- Animal must be served by a participation veterinarian.
- All paper work will be maintained for reporting to the state and county supervisory boards/agencies.
